International Conference on

Vaccines & Immunology

March 01-02, 2023 | Berlin, Germany

Theme: Recent Advances in Vaccines Research and Development

EuroSciCon

Vaccines & Immunization

2023

Invitation

Dear Attendees,
On behalf of the Vaccines Advisory Committee we take great pleasure in welcoming academic scientists, researchers, research scholars, students and experts of application fields to **Berlin, Germany** for the **International Conference on Vaccines & Immunology** to foster the ad-vancement in the field by contributing with your expertise to what promises to be a very comprehensive and exciting conference, and to enjoy the globally famous major resort city.

The event will have Keynote speakers, Plenary speakers, Invited speakers and fresh contributed speakers. In addition, a variety of poster presentations along with workshops and special sessions would be interested in listeners.

The aim of the **Vaccines & Immunization 2023** is to promote quality research and real-world impact in an atmosphere of true international cooperation between scientists and engineers by bringing together again the world-class researchers, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Vaccines.

We sincerely hope that Vaccines conferences serves as an international platform for meeting researchers from around the world, widen professional interaction and create new opportunities, including establishing new alliances. We are looking forward to seeing you at **Vaccines & Immunization 2023** in Berlin, Germany.

Sincerely,
Vaccines & Immunization
2023
Organizing Committee

EuroSciCon

A Transformational Learning Experience

1. Curated to address the concerns of today's scientific world
2. Be inspired by some of the world's most renowned figures
3. Stimulate new ways of thinking and provoke action.
4. Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ Ergonomists, Engineers, Scientists, Students Technologists accessing the website, EuroSciCon **Vaccines & Immunization 2023** is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense net-working opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Vaccines & Immunization Salient Features:

In a world of information overload, we focus on the issues most relevant to today'stechnical trends enabling our patrons to Congregate with most senior executives Nurture connexions Agenda format which incorporates ample Q&A time Partake in our revamped exhibitor expo sessions Meet and listen to the relevant clients Unprecedented growth creating an unparalleled market place

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

Who'd be attending?

Vaccines & Immunization 2023 is aimed to give an opportunity that with scholars from around the world focused on learning about Vaccines & Immunology and its advances; this is the best opportunity to reach the largest gathering of participants from the Vaccines & Immunology community. It provides an explicit platform for presentations distributes information, meets with current and potential scientists. World-renowned speakers, the most recent techniques, developments, and the latest updates in Vaccines & Immunology are hallmarks of this conference.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK or-ganization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Vaccines & Immunization
- Vaccine Research & Development
- Influenza And Respiratory Diseases
- Vaccines Bioprocessing And Manufacturing
- Vaccines Pre-Clinical Validation To Clinical Trials
- Anti-Microbial Resistance
- Vaccine Adjuvants & Delivery Technologies
- Cancer And Immunotherapy
- Vaccines Safety And Efficacy
- Veterinary Vaccines
- Vaccines for Unconventional Diseases
- Vaccines against Drugs
- Pediatric Vaccination
- Onco-Immunology
- Immuno-Toxicology
- Viral Immunology
- Parasite Immunology
- Neuroendocrine Immunology
- Psychoneuro-Immunology
- Ocular Immunology
- Transplantation Immunology
- Tumor Immunology
- Immuno-Informatics
- Stem Cell Immunology
- Immuno-Genetics & Immune Tolerance
- Immune Disorders
- Immunologic mechanisms
- Infectious Diseases
- Inflammation and Therapies

About Destination Berlin, Germany

Berlin is the capital and the leading city of Germany, as well as one of its 16 constituent states. Berlin is the nation's capital and busiest city. It is mythological for its exceptional variability of attractions, its prosperous cultural scene and a way of life that's both fast-paced and relaxed. Berlin is a world city of ethos, politics, broadcasting and science. Its frugality is based on advanced firms and the provision sector, incorporating a diverse range of creative industries, research facilities, media corporations and convention venues. The metropolis is a popular tourist destination. Substantial industries also include information technology, medicines, biomedical engineering, clean tech, biotechnology, building and electronics. Berlin is home to world-prominent universities, orchestras, academies, and performing venues, and is host to many sporting events.The city is well known for its festivals, diverse architecture, nightlife, contemporary arts and a very high quality of living. Since the 2000s Berlin has seen the development of a cosmopolitan empire-building scene. Contrasts among historical buildings and modern architecture, and between the traditional and the modern are what set the Berlin apart from the rest.Tegel International Airport located in the north-west of the city is the main airport for international carriers and a hub for domestic flights on Lufthansa.

Berlin is a huge city. One can make use of the excellent bus, tram, train and underground services to get around. Taxi services are also easy to use and a bit less expensive than in many other big Central European cities.
