

EuroSciCon

3rd. Edition of International Conference on

Virology & Novel Coronavirus Diseases

December 22-23, 2020

Online event

Theme:

An outbreak of 2019 Novel Coronavirus Diseases (COVID-19) in Worldwide within the aspect of Virology

EuroSciCon

Virology

2020

Invitation

Virology will be organizing webinars by offering virtual platform to all academicians, researchers, industry professional, and scholars. Webinars will be scheduled on wide range of topics and it will be helpful for scientific fraternity to be connected while staying at their preferred place. Join the webinars organized by us and let the world know about your research and innovation. The Infection Control conference hosting presentations from editors of eminent refereed journals, renowned and active investigators and decision makers in the field of infectious diseases, microbiology, immunology, infection control and prevention. Virology 2019 Organizing Committee also invites young investigators at each and every career stage to submit abstracts reporting their latest scientific research in oral and poster sessions. EuroSciCon is proud to host the 3rd Edition of International Conference on Virology & Novel Coronavirus Diseases during December 22-23, 2020 at online Event. This year's theme is an outbreak of 2019 Novel Coronavirus Diseases (COVID-19) in Worldwide within the aspect of Virology will provide an unprecedented opportunity for Microbiologists of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Microbiologists, pharmacologists, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Microbiology and Public Health Conference is the perfect venue not only to dive into your particular microbiology interests but also to expand the scope of your knowledge. 45 tracks are devoted to subjects such as the Discovery of Antibiotics, Advanced Research in Microbiology and Public Health, Advances in Applied Microbiology, Advances in Microbiology, Applications of Microbes, Infectious Diseases Bioremediation and Biodegradation, Drug Discovery Technologies in Antibiotics, Clinical Microbiology, Biotechnology, Environmental Microbiology, Genetic Engineering in Microbiology, Industrial Microbiology, Medical Microbiology Pharmacology of Antibiotics, Microbial Biofilms, Microbial Biotechnology, Infection & Immunity, Public Health & Epidemiology, Recombinant DNA Technology, Role of Microbes in Public Health, Theoretical and Practical aspects of Microbiology, Microbiology & Molecular Biology, Vaccines & Antibiotics Production, Virology, Pathology, Microbial Chemistry ,Bacteriology & Parasitology, Interaction and Side-effects of Antibiotics,: Clinical Microbiology and Antimicrobials, Soil Microbiology, Clinical Virology and Infectious Diseases ,Microbial Diversity, Biofuels, Cell, Molecular Biology and Molecular Genetics, Agricultural

Microbiology, Veterinary Microbiology, Systems Biology and Bioinformatics,: Pharmaceutical Microbiology, Microbial Transformation,: Petroleum Microbiology, Antibiotics in Oncology, Enzyme Technology Advantages & Applications, Antibiotic Therapy, Production in Antibiotics.. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

Virology

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us:

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

EuroSciCon

With over 25000 analytical chemists accessing the website, Virology 2020 is the most Lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Virology 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends Enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

December 22-23, 2020

Online Event

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

EuroSciCon

Virology

2020

Who'd be attending?

3rd. Edition of International Conference on Virology & Novel Coronavirus Diseases plays host for the Multinational organizations, Entrepreneurs, Scientists and Academicians across the globe. Prominently Microbiology Professors & Students, Investigative Microbiology and Immunology, Regulatory Professionals, Microbiology Professionals, Professionals & Experts of Virology, Biotechnology, Immunology, Health Care People, Doctors, Physicians, Medical Researches, Medical practitioner, Nurses, Clinical Research Organizations, Antibiotic & Vaccines experts, Theoretical Microbiologists, Molecular Microbiologists, Medical Microbiologists, Research lab scientists, scholars, Laboratory Directors and Chemists, Forensic Scientists and Microbiologists, Industrialists and others who stay plunged in learning and practice of the science of Microbiology, Immunology, Virology, Parasitology, Epidemiology & Public Health. Relevant Post-graduates, Graduates, Technicians, Students.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society, Institute of Biomedical Science (IBMS) and British Society. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Virology
- Coronavirus (COVID-19)
- Advanced Research in Microbiology and Public Health
- Advances in Applied Microbiology
- Advances in Microbiology
- Animal Microbiology & Marine Microbiology
- Applications of Microbes
- Bacteriology & Parasitology
- Bioremediation and Biodegradation
- Biotechnology
- Clinical Microbiology
- Diagnostic Microbiology
- Environmental Microbiology
- Enzyme Technology Advantages & Applications
- Genetic Engineering in Microbiology
- Industrial Microbiology
- Infection & Immunity
- Infectious Diseases
- Medical Microbiology
- Microbial Biofilms
- Microbial Biotechnology
- Microbial Chemistry
- Microbiology & Molecular Biology
- Pathology
- Public Health & Epidemiology
- Recombinant DNA Technology
- Role of Microbes in Public Health
- Theoretical and Practical aspects of Microbiology
- Vaccines & Antibodies Production
- Virology

EuroSciCon

See your work Published

In one of our related journals

- Archives of Clinical Microbiology
- Journal of Applied Microbiology and Biochemistry
- Journal of Infectious Diseases and Treatment
- Journal of Medical Microbiology and Immunology
