Theme:

Exploring the possibilities in Vision Science & Eye Surgery

EuroSciCon

Vision & Eye

2020

Invitation

Welcome to Prague and explore the science of eye & vision science illuminated as never before. EuroSciCon is proud to host the 3rd World Congress on Vision Science & Eye Surgery, March 09-10, 2020 in Pragues, Czech Republic. This year's theme is exploring the possibilities in Vision Science & Eye Surgery. Vision Science 2020 will provide an unprecedented opportunity for ophthalmologist of all stripes and colors to share their research with colleagues, and discuss and debate the latest advancement in the field. We invite ophthalmologist, neurologist, pharmacologists, optometrist, orthoptist and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome. With a broad array of keynote presentations, panel discussions, workshops, and poster sessions, the Vision Science & Eye Surgery Conference is the perfect venue not only to dive into your particular Ophthalmological interests but also to expand the scope of your knowledge. 20 tracks are devoted to subjects such as Ophthalmology, the Clinical & Experimental Ophthalmology, Ophthalmic Surgery, Types of ophthalmic Surgery, LASIK (laser in-situ keratomileusis), Oculoplasty, Refractive Vision Science, Pediatric Ophthalmology, Common Ophthalmic Disorders, Ocular Oncology, Intraocular Melanoma, Neuro-ophthalmology, Nano-ophthalmology, Medical Ophthalmology, Ophthalmology diagnostic tools, Robotic surgery , Glaucoma and Eye transplant, as well as Benefits of Ophthalmic Surgery & Ophthalmology Business/ Practice. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant Ophthalmological forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action.
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

2020

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ ophthalmologist, neurologist, pharmacologists, optometrist, and orthoptist accessing the website, Vision Science 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Vision Science 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

Pragues, Czech Republic

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Vision & Eye

2020

Who'd be attending?

3rd World Congress on Vision Science & Eye Surgery plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Ophthalmologist, Neurologist, Pharmacologists, Optometrist, Orthoptist, Laboratory Directors and Chemists and others who stay plunged in learning and practice of the science of eye and retina surgery.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Ophthalmology
- Clinical & Experimental Ophthalmology
- Ophthalmic Surgery
- Types of ophthalmic Surgery
- LASIK (laser in-situ keratomileusis)
- Oculoplasty
- Refractive Vision Science
- Pediatric Ophthalmology
- Common Ophthalmic Disorders
- Ocular Oncology
- Intraocular Melanoma
- Neuro-ophthalmology
- Nano-ophthalmology
- Medical Ophthalmology
- Ophthalmology diagnostic tools
- Robotic surgery
- Glaucoma
- Eye transplant
- Benefits of Ophthalmic Surgery
- Ophthalmology Business/ Practice

About Destination Pragues

Prague is a city set in the midst of Gothic and Romanesque towers and towers and a wide range of extravagant engineering. This city of a hundred towers is overflowing with history and culture. Many have begun to look all starry-eyed at this children's story city and made it their second home. Prague has a lot of concealed pearls for the guest to find among its many winding lanes, rear ways, and squares. The general population here are inviting and friendly enough and will encourage you while getting around in Prague to make your vacation pleasant. The lodgings here are visitor inviting where you will get numerous appealing arrangements. It's a city loaded with marvels and one that the boldest explorer will appreciate. Prague is home to various acclaimed social attractions, a large number of which survived the brutality and pulverization of twentieth-century Europe. Fundamental attractions incorporate the Prague Castle, the Charles Bridge, and Old Town Square with the Prague cosmic clock, the Jewish Quarter. The city has in excess of ten noteworthy exhibition halls, alongside various theatres, displays, films and other authentic shows. A broad present-day open transportation framework associates the city. Likewise, it is home to an extensive variety of open and tuition-based schools, incorporating Charles University in Prague, the most seasoned college in Central Europe.
