INVITATION

ABOUT CONFERENCE

The 10th Global Summit on Waste Management and Recycling will be held on April 27–28, 2026, in Dubai, UAE, bringing together leading experts, researchers, policymakers, industry leaders, and environmental advocates from across the world.

This landmark 10th edition serves as a premier platform to exchange knowledge, showcase innovations, and drive actionable solutions for one of the most pressing global challenges — sustainable waste management. The summit will address the latest advancements in recycling technologies, circular economy practices, waste-to-energy solutions, policy frameworks, and community engagement strategies aimed at creating a cleaner, greener, and more resilient planet.

Guided by the theme “Turning Waste into Wealth for a Sustainable Future”, the summit emphasizes that waste is not just a challenge but also a valuable resource when managed responsibly. By uniting diverse stakeholders, this global forum aims to foster dialogue, inspire innovation, and accelerate the transition towards a zero-waste, circular economy.

YOUNG RESEARCH FORUM:

We are thrilled to announce the Young Scientist Awards at the 10th Global Summit on Waste Management and Recycling, scheduled for April 27-28, 2026, in Dubai, UAE. This year’s summit will focus on “Turning Waste into Wealth for a Sustainable Future”. Waste Management 2026 and future conferences will recognize participants who have made significant contributions to the field of waste management and recycling with the distinguished Young Scientist Awards. These awards will offer a valuable professional development opportunity for young researchers by providing a platform to engage with leading experts and share their insights at our international summit.

CONFERENCE HIGHLIGHTS

- Keynote Speeches
- Panel Discussions
- Technical Sessions
- Workshops and Tutorials
- Innovation Showcase
- Case Studies and Success Stories
- Networking Opportunities
- Young Scientist Awards
- Sustainability Practices
- Global Perspectives

TARGET AUDIENCE

- Waste Management Professionals
- Environmental Scientists and Researchers
- Policy Makers and Regulators
- Sustainability Consultants
- Industry Leaders and CorporateRepresentatives
- Technology Developers and Innovators.
- Academics and Students
- Non-Governmental Organizations (NGOs)
- Community Leaders and Advocates
- Media and Press

SESSION HIGHLIGHTS

- Green Technology & Sustainable Innovations
- Biomass Utilization and Bioenergy Production
- Food Waste Recycling and Composting Solutions
- Chemical Waste Treatment and Recycling
- E-Waste Recycling and Urban Mining of Critical Materials
- Metal and Plastic Recycling: Advances & Challenges
- Paper and Packaging Recycling Innovations
- Rubber and Tire Recycling: New Approaches
- Industrial Waste Reduction, Recovery & Circularity
- Domestic & Municipal Solid Waste Management
- Hazardous and Biomedical Waste Disposal Solutions
- Waste-to-Energy and Alternative Fuel Technologies
- Circular Economy Models & Zero Waste Cities
- AI, IoT & Digital Transformation in Waste Management
- Policy, Extended Producer Responsibility (EPR) & Global Regulations

Past Event Report

Meetings International Conference successfully hosted its ninth series on the Global Summit on Waste Management and Recycling . The conference was organized with the theme focused on “Educating for Effective Waste Reduction and Recycling,” and it was a great success. Eminent keynote speakers from leading institutions and industry leaders addressed the gathering, sharing their insights and advancements in waste management and recycling.

The enthusiastic response and active participation of the organizing committee members were instrumental in the success of the summit. We also take this opportunity to extend our sincere gratitude to all the speakers, delegates, and participants for their invaluable support and engagement throughout the conference.

About Venue:

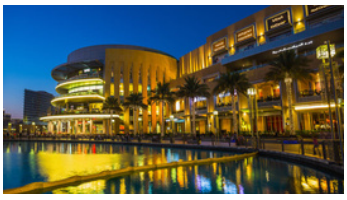

The **10th Global Summit on Waste Management and Recycling** will take place in **Dubai, United Arab Emirates**, on **April 27–28, 2026**. Renowned as one of the world's most dynamic and forward-thinking cities, Dubai is the perfect destination to host a global dialogue on sustainability, circular economy, and innovation.

Dubai is recognized for its bold sustainability initiatives, including investments in **waste-to-energy plants, recycling infrastructure, and smart city solutions** that align with its vision to achieve **zero waste to landfill by 2030**. As a global hub for trade, technology, and green innovation, Dubai offers delegates a unique opportunity to witness pioneering projects that bridge tradition and modernity.

Beyond the summit, attendees can explore Dubai's rich offerings — from its iconic landmarks such as the **Burj Khalifa, Palm Jumeirah, and Dubai Creek** to cultural treasures like **traditional souks and world-class museums**. With exceptional connectivity, world-class hospitality, and a reputation for safety and excellence, Dubai provides an inspiring backdrop for learning, networking, and collaboration. Join us in Dubai, where **innovation meets sustainability**, and be part of shaping the future of global waste management and recycling.

Registration Fee

REGISTRATION TYPES	EARLY BIRD	MID TERM	FINAL CALL
ACADEMIC SPEAKER	$610	$595	$795
BUSINESS SPEAKER	$645	$734	$810
POSTER REGISTRATION	$499	$545	$599
DELEGATE REGISTRATION	$642	$745	$854
STUDENT REGISTRATION	$435	$499	$534
WEBINAR / VIRTUAL CONFERENCE REGISTRATION	$299	$399	$499
E-POSTER	$210	$210	$210
ACCOMPANYING PERSON	$249	$249	$249
