

EuroSciCon

Annual Congress on

Biopharmaceutics and Pharmacokinetics

December 12-13, 2019
Dubai, UAE

Theme:
Exploring the latest research in Pharma and Biopharma

EuroSciCon

Biopharmaceutics and Pharmacokinetics

2019

Invitation

Welcome to Dubai, the city of arts and science, and experience the science of biopharmaceutics and pharmacokinetics illuminated as never before. EuroSciCon is proud to host the Annual Congress on Biopharmaceutics and Pharmacokinetics, December 12-13, 2019 in Dubai, UAE. Theme of the conference focus on Exploring the latest research in Pharma and Biopharma. World Pharma Conference 2019 will provide an unprecedented opportunity for pharmacists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. Chemical researcher, molecular diagnostics, clinical laboratories, health care industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. Chemical instrument vendors, professors and students from academia in the field of analytical and bioanalytical sciences. Delegates from various pharma & instrumental companies from all over the world. With a broad array of keynote presentations, panel discussions, workshops and poster sessions, the World Pharma Conference 2019 conference is the perfect venue not only to dive into your particular chemists interests but also to expand the scope of your knowledge. 31 tracks are devoted to subjects such as the biopharmaceutics: research scope and prospects ,biopharmaceutical drug design and development, bioavailability & bioequivalence studies of biopharmaceuticals, clinical trials on biopharmaceuticals products, biopharmaceutical regulatory affairs and intellectual property rights, nanoparticles-an innovative drug delivery system, pharmaceutical sciences: academic and industry overview, biopharmaceutical pharmacovigilance, pharmaceutical regulatory affairs and ipr of biopharmaceuticals, novel drug delivery systems, clinical trials and research, pharmaceutical analysis, pharmacodynamics and pharmacokinetics, biologics & biosimilars, bcs and solubility enhancement, formulation studies for biotherapeutics, novel approaches in biopharmaceutics, protein interactions as targeted therapeutics, pharmaceutical research and development, pharmaceutics and pharmacotherapeutics, hospital & industrial pharmacy, biopharmaceutical engineering, growth strategies of pharmaceutical industries, pharmaceutical packaging and marketing, pharmaceutical care and health systems, biopharmaceuticals, biopharmaceutical informatics, biopharmaceutical companies & market analysis, biotechnology in health care, genetics and genetic engineering, drug targeting and design. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant analytical forum in person is your active participation.

EuroSciCon

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

December 12-13, 2019
Dubai, UAE

EuroSciCon

Biopharmaceutics and Pharmacokinetics

2019

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref

Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manu Scripts in our Open Access Journals

EuroSciCon

With over 25000+ analytical chemists and drug analysts accessing the website, Biopharmaceutics and Pharmacokinetics is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

Biopharmaceutics and Pharmacokinetics 2019 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives
Nurture connexions
Agenda format which incorporates ample Q&A time
Partake in our revamped exhibitor expo sessions
Meet and listen to the relevant clients
Unprecedented growth creating an unparalleled market place

December 12-13, 2019
Dubai, UAE

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience
It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries
Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
World's leading industries and companies attend
Career guidance for early career researchers and students
Provides insights you need to take your research to the next level
A huge conclave of high tech and science priests

EuroSciCon

Biopharmaceutics and Pharmacokinetics

2019

Who'd be attending?

Annual Congress on Biopharmaceutics and Pharmacokinetics, December 12-13, 2019 in Dubai, UAE. Theme of the conference focuses on Exploring the latest research in Pharma and Biopharma. World Pharma Conference 2019 will provide an unprecedented opportunity for pharmacists of all stripes and colors to share their research with colleagues by discussing the latest advances in the field. We invite directors, presidents & CEO's from companies, chemists, academic groups, directors from pharmaceutical companies. Laboratory scientists who identifies, quantifies, analyzes or tests the chemical or biological properties of compounds or molecules or who manages these laboratory scientists. Chemical researcher, molecular diagnostics, clinical laboratories, health care industry, quantitative analysts, qualitative analysts, editorial board members, students, faculty members. chemical instrument vendors, professors and students from academia in the field of analytical and bioanalytical sciences. Delegates from various pharma & instrumental companies from all over the world. About hosting organization EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of life science communication it focuses on to spearheading the transformation of medical research into knowledge through scientific gatherings and networking. Supporting the Rare Care UK Organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique and that difference has propelled our growth towards scientific serendipity.

Tracks :

- Biopharmaceutics: Research Scope and Prospects
- Biopharmaceutical Drug Design and Development
- Bioavailability & Bioequivalence studies of Biopharmaceuticals
- Clinical Trials on Biopharmaceuticals Products
- Biopharmaceutical Regulatory Affairs and Intellectual Property Rights
- Nanoparticles-An Innovative Drug Delivery System
- Pharmaceutical Sciences: Academic and Industry overview
- Biopharmaceutical Pharmacovigilance
- Good Manufacturing Practices

EuroSciCon

- Novel Drug Delivery Systems
- Clinical Trials and Research
- Pharmaceutical Analysis
- Pharmacodynamics and pharmacokinetics
- Biologics & Biosimilars
- BCS and Solubility Enhancement
- Formulation Studies for Biotherapeutics
- Novel Approaches in Biopharmaceutics
- Protein Interactions as Targeted Therapeutics
- Pharmaceutical Research and Development
- Pharmaceutics and Pharmacotherapeutics
- Hospital & Industrial Pharmacy
- Biopharmaceutical Engineering
- Growth strategies of pharmaceutical industries
- Pharmaceutical Packaging and Marketing
- Pharmaceutical Care and Health Systems
- Biopharmaceuticals
- Biopharmaceutical Informatics
- Biopharmaceutical Companies & Market analysis
- Biotechnology in Health care
- Genetics and Genetic Engineering
- Drug Targeting and Design

December 12-13, 2019

EuroSciCon

Biopharmaceutics and Pharmacokinetics

2019

Academic Keytopics :

- Absorption Enhancers
- Antioxidants
- Bio analytical Methods
- Bioequivalence
- Biomarkers and Biosimilars
- Biomedicine
- Biopharmaceutics
- Biotechnology
- Chemotherapy
- Clinical Pharmacy
- Clinical Trials
- Drug Discovery
- Drug Interactions
- Drug Repositioning
- Encapsulation
- Excipients
- Exosomes
- Generic Drugs
- Immunotherapy
- Ligand
- Nanomedicine
- Nanoparticles
- Nanotechnology
- New Chemical Entity
- Partition Coefficient
- Peptide Masking
- Pharmaceutical Engineering
- Pharmaceutical Formulation
- Pharmaceutical Nanosystems
- Pharmaceuticals
- Pharmacoepidemology
- Pharmacogenetics
- pharmacogenomics
- Pharmacognosy
- Pharmacokinetic Models

Business Keytopics :

- Ampoule Filling Machines
- Atomic Absorption Spectroscopy (AAS)
- Automated Dissolution Apparatus
- BOD Incubators
- Capillary Electrophoresis (CE)
- Chromatography
- Differential Thermal Analysis
- Drug Eluting Stents
- Extruder & Spheronizer
- Fourier Transform Spectroscopy (FTIR)
- Gas Chromatography (GC)
- High Performance Liquid Chromatography (HPLC)
- High Pressure Homogenizer
- Hot Melt Extrusion
- Mass Spectrometry (MS)
- Pharma Market in Asia
- Pharma Market in Australia
- Pharma Market in Canada
- Pharma Market in Dubai
- Pharma Market in Europe
- Pharma Market in Germany
- Pharma Market in Japan
- Pharma Market in Russia
- Pharma Market in UK
- Pharma Market in USA
- Positron Emission Tomographic Scanning
- Rotary Tablet Machine
- Spectroscopy
- Spray Drier
- Tube Sealing and Crimping Machine
- Vaccum Oven

EuroSciCon

About Destination Dubai, UAE

Dubai is the largest and most populous city in the United Arab Emirates (UAE). On the southeast coast of the Persian Gulf, it is the capital of the Emirate of Dubai one of the seven emirates that make up the country. Dubai is a global city and business hub of the Middle East. It is also a major global transport hub for passengers and cargo. Oil revenue helped accelerate the early development of the city, but its reserves are limited, and production levels are low: today, less than 5% of the emirate's revenue comes from oil. Dubai's economy now relies on revenues from tourism, aviation, real estate, and financial services. Dubai has attracted world attention through large construction projects and sports events, in particular the world's tallest building, the BurjKhalifa. The emirate of Dubai shares borders with Abu Dhabi in the south, Sharjah in the northeast, and the Sultanate of Oman in the southeast. Hatta, a minor exclave of the emirate, is surrounded on three sides by Oman and by the emirates of Ajman (in the west) and Ras Al Khaimah (in the north). The Persian Gulf borders the western coast of the emirate. Dubai covers an area of 1,588sq. mi (4,110 km2), which represents a significant expansion beyond its initial 1,500 sq. mi (3,900km2) designation due to land reclamation from the sea. As of 2012, Dubai was the most expensive city in the Middle East. In 2014, Dubai's hotel rooms were rated as the second most expensive in the world

Therefore, we look forward to an exciting scientific event, business meeting, trade fair and exhibition and welcome you to join us at "Annual Congress on Biopharmaceutics and Pharmacokinetics" in the Dubai, UAE
