Alzheimers Disease 2019

ABOUT PARIS

Paris is the capital and the most popular city of France. It's the 3rd most visited city in the world. Paris is synonymous with all that is French. Paris is known throughout the world as the City of Light. It is the most populated city in France. Paris is located in northern central France. Paris has a typical Western European oceanic climate which is affected by the North Atlantic Current. Paris is known for its many monuments, especially the Eiffel Tower, Arc de Triomphe, Notre-Dame Cathedral, Les Invalides, Opéra Garnier, etc. Paris is famous for its food and drinks. Whether you are a first-timer or regular visitor, Paris always seems magical as there are so many places to explore. It is no wonder that the city is one of the most popular tourist destinations in the world and welcomes over 45 million visitors every year.
