

3rd International Conference on
**Alzheimers Disease and
Dementia**

INVITATION

ABOUT CONFERENCE

The "**3rd International Conference on Alzheimer's Disease and Dementia**" will take place in London, UK, on September 22-23, 2025, to expand networking possibilities for attendees worldwide. The conference will include cutting-edge lectures, fascinating panel discussions, and more contact with industry leaders and professionals. Alzheimer's Disease 2025 encourages the sharing of groundbreaking ideas and breakthroughs among experts, industry executives, and researchers in psychology, academia, and clinical trials. We have carefully developed a comprehensive program that will cater to your interests while also providing various opportunities to network with international colleagues. We eagerly await the opportunity to welcome you to an event that is sure to motivate teamwork, cultivate fresh concepts, and promote progress in dementia and Alzheimer's disease research.

YOUNG RESEARCH FORUM:

We are announcing the Young Scientist Awards through the 3rd International Conference on Alzheimer's Disease and Dementia, which is scheduled for September 22-23, 2025, in London, UK. This Alzheimer's Disease 2025 focuses on "The Future of Memory: Advancing Science and Care for Dementia." Alzheimer's Disease 2025 and upcoming conferences will recognize participants who have significantly added value to the scientific community of medical science and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences.

- Nutrition for a Healthy Brain
- Hormones & The Brain
- The Gut-Brain Connection
- Stroke & Brain Recovery
- Neural Stem Cells Therapy
- The Future of Psychiatry
- CRISPR & Brain Disorders
- Psychedelics & Mental Health
- Bipolar Disorder
- Dementia & Cognitive
- Neuroplasticity

Meetings International Conferences successfully hosted its second series on Alzheimer's disease and dementia at the Millennium Charles de Gaulle Hotel in Paris, France during June 27-28, 2024. The conference was organised with a theme focused on "Exploring the New trends and Horizons of Alzheimer's and Dementia," and it was a great success.

Eminent keynote speakers from various universities addressed the gathering.

The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we speak the opportunity to thank all the delegates, and participants for providing their valuable support and time for the conference.

About Venue

London, the UK's vibrant capital, blends rich history with contemporary culture, from iconic landmarks to modern skyscrapers. London is home to over 9 million people, making it one of Europe's largest metropolitan areas. The city is famous for its historic sites, theater, fashion, and museums. Areas like Westminster, Camden, and Soho are cultural hubs, offering everything from royal palaces to lively street markets. The Thames River runs through the city, providing scenic views and iconic bridges. London is renowned for its red double-decker buses, black cabs, and world-class public transport. Walking, sightseeing, shopping, and visiting museums are top activities here. Known as a global financial and cultural center, London also hosts major events, festivals, and international conferences, attracting visitors from around the world.
