2ND WORLD CONGRESS ON BIOPOLYMERS AND BIOPLASTICS

Biopolymer 2019

October 21-22, 2019 | London, UK

INVITATION

Biopolymer 2019

Meetings International proudly announces the **2nd World Congress on Biopolymers and Bioplastics** scheduled during **October 21-22, 2019 at London, UK.** The conference emphasizes the theme "**Accelerating new Research & Innovations in Biopolymers & Polymer Science**".

Meetings International provides an international dais for scientists and Biomedicine and Biosimilars professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of **Biopolymers** and Bioplastics has come into spotlight in the recent years. The main objective of Biopolymers 2019 is to Understand the current developments, application and challenges of Biopolymers and Bioplastics.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

Important Dates

Early Bird: **February 15, 2019**

Registration Open: **October 31, 2018**

Abstract Submission Open: **October 31, 2018**

On Spot Registration: **October 20, 2019**

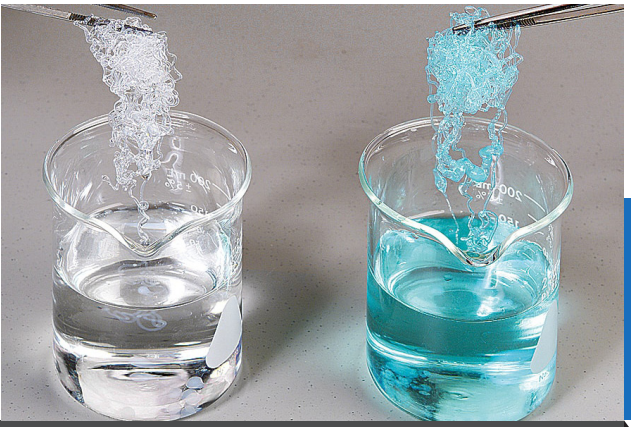

London, UK

CONFERENCE HIGHLIGHTS

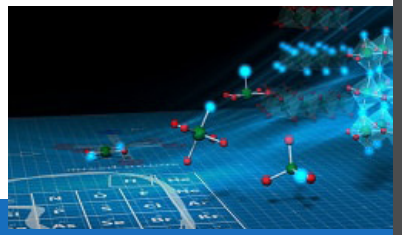

- Different classes of Biopolymers
- Sources and preparation of Biopolymers
- Frequently studied Biopolymers in Polyactic Acid, Poly (e-Caprolactone), Gelatin, Starch, Cellulose, Collagen
- Applications of Biopolymers in Packaging, Biomedical, Nanomaterial, Water purification
- Natural Polymer-Advanced Polymers & its phenomenon
- Polymer Chemistry
- Biopolymers as Materials
- Bioplasctics
- Recycling Processing in Plastic Engineering and Waste Management
- Environmental Issues of Recycling and Sustainability Models
- Biodegradable Polymers & Biocomposite Materials
- Future and Scope for Biopolymers and Bioplastics
-

Meetings Int. offers

An unique platform for top level research and innovation

London, UK

Biopolymer 2019

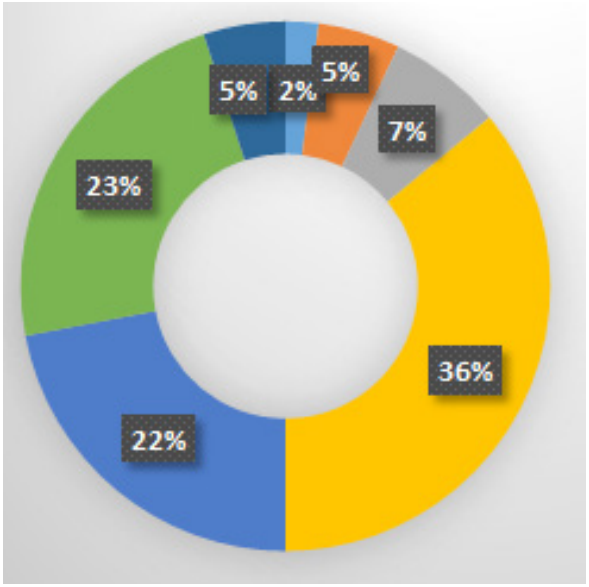

WE VALUE

Quality research

To identify the future directions of research

Peer review and high quality publication

- Head Management/CEO/Manager
- Dean
- Director
- Professor
- Students
- Research Scolars
- Business Enterprenures

ABOUT LONDON

Biopolymer 2019

London is the capital and most crowded city of England and the United Kingdom. Remaining on the River Thames in the south east of the island of Great Britain, London has been a noteworthy settlement for two centuries. It was established by the Romans, who named it Londinium. London's antiquated centre, the City of London, to a great extent holds its 1.12-square-mile (2.9 km2) medieval limits. Since in any event the nineteenth century, "London" has likewise alluded to the city around this centre, truly split between Middlesex, Essex, Surrey, Kent and Hertfordshire, which today to a great extent makes up Greater London, a locale administered by the Mayor of London and the London Assembly.
