# INVITATION

## ABOUT CONFERENCE

The **5th International Conference on Brain Stimulation 2025**, themed **"Future Perspectives: Advancing Frontiers in Brain Neuromodulation,"** will be held in the vibrant city of **Osaka, Japan**, on **October 20–21, 2025**. Brain 2025 Conference offers a global platform for knowledge exchange, encouraging collaboration and innovation in the evolving field of brain stimulation.

This prestigious event will feature a dynamic scientific program including keynote addresses from renowned experts, plenary sessions, interactive workshops, video presentations, a young researchers' forum, and engaging poster sessions. Brain 2025 Conference aims to spotlight the latest advances in techniques such as TMS, DBS, tDCS, and emerging neuromodulatory interventions in both research and clinical applications.

The Brain 2025 Conference provides a remarkable opportunity for researchers, clinicians, neuroscientists, academic scholars, and industry professionals from neurotechnology companies, cognitive science institutions, and medical associations to come together and share their pioneering ideas and innovative discoveries.

## YOUNG RESEARCH FORUM:

The Young Research Award at the 5th International Conference on Brain Stimulation was designed to recognize and encourage outstanding contributions from early-career researchers and young scientists in the field of neuroscience and brain stimulation. This award celebrated innovation, originality, and the potential impact of research presented by young professionals during the conference. Participants competed through oral and poster presentations, where their work was evaluated by a panel of distinguished experts based on scientific merit, clarity, and relevance to the conference theme.

The award not only highlighted excellence but also provided a platform for young investigators to gain international visibility, receive constructive feedback, and engage in meaningful discussions with senior researchers and industry leaders. Winners were honored during the valedictory ceremony, motivating them to pursue further research and collaboration. The Young Research Award reflected the conference's commitment to nurturing future leaders in brain science.

## CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities

## TARGET AUDIENCE

- All the Stake Holders (both Academia & Industry) of the Sector
- Researchers & Innovators
- Experts Looking for Collaborative Work
- Product Developers
- Solution Providers
- Sales & Marketing Professionals
- Associations, Societies, & Professional Bodies
- Funding Agencies & Fund Raisers
- Management Bodies
- Decision Makers

# SESSION HIGHLIGHTS

- Brain Disorders
- Neurological Disorders
- Neuroinflammation and Autoimmunity
- Cerebrovascular Disorders
- Brain Cancer & Tumors
- Neuroimmunology&
- Neurosurgery
- Traumatic Brain Injury
- Cerebrospinal Complications
- Mental Health
- Neuroinfectious Diseases
- Neuropharmacology
- Pediatric Neurology
- Mental Retardation
- Neurogenetics and Epigenetics
- Neuroimaging and Diagnostics
- Brain-Computer Interfaces

## Past Event Report

Meetings International Conference successfully hosted its Fourth series on the “5th world congress on Psychiatrists & Psychologists” in Tokyo, Japan during April 16-17, 2025 in Radisson Narita. The conference was organised and it was a great success. Eminent keynote speakers from various universities addressed the gathering.The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

# About Venue:

Osaka, Japan's vibrant metropolis in the Kansai region, is an exciting destination to attend this international brain conference. Known as the "Kitchen of Japan," Osaka blends tradition with modernity, making it a perfect setting for both academic exchange and cultural exploration. The city is well-connected through Kansai International Airport, with efficient metro and JR lines ensuring seamless travel within the city. For convenience, it is advisable to stay near the conference venue or central districts like Umeda or Namba, which offer a mix of business hotels, shopping, and nightlife. Japanese conferences are highly punctual, so arriving early and carrying business cards (meishi) is essential for professional networking, as exchanging them is a formal gesture of respect. In terms of food, Osaka is famous for its street delicacies such as takoyaki (octopus balls), okonomiyaki (savory pancakes), and kushikatsu (fried skewers), with vegetarian options available upon prior search. After conference sessions, visitors can immerse themselves in the city's cultural highlights, including the iconic Osaka Castle, the neon-lit Dotonbori entertainment district, and the futuristic Umeda Sky Building offering panoramic city views. Those extending their stay can enjoy attractions like Universal Studios Japan or take short trips to nearby cultural cities such as Kyoto and Nara. The warm hospitality of the locals, lively Kansai dialect, and rich culinary scene make Osaka not only a hub for scientific learning but also an enriching cultural journey. Carrying a translation app can be handy, though most venues catering to international conferences provide English support. Overall, attending the 5th International Conference on Brain Stimulation in Osaka provides a unique balance of professional growth, global networking, and memorable cultural experiences, ensuring that the trip is academically productive as well as personally rewarding.

# Registration Fee

| REGISTRATION TYPES | EARLY BIRD | MID TERM | FINAL CALL |
|---|---|---|---|
| ACADEMIC SPEAKER | $596 | $705 | $814 |
| BUSINESS SPEAKER | $676 | $805 | $891 |
| POSTER REGISTRATION | $699 | $807 | $915 |
| DELEGATE REGISTRATION | $646 | $753 | $861 |
| STUDENT REGISTRATION | $349 | $399 | $449 |
| WEBINAR / VIRTUAL CONFERENCE REGISTRATION | $299 | $399 | $499 |
| E-POSTER | $210 | $210 | $210 |
| ACCOMPANYING PERSON | $249 | $249 | $249 |
