Explore Amsterdam

Amsterdam, the capital of the Kingdom of the Netherlands, is one of the most popular tourist destinations in Europe. With its universities, academies, and research institutes, along with more than 40 museums, numerous theaters, and entertainment venues, Amsterdam is the country's leading cultural center. In addition, the city is famous for its historic homes, laid out in a pattern of concentric segments in the shape of a fan and built on piles driven through an upper layer of mud into the firm, sandy bottom up to 18 meters below. All told, some 6,750 buildings dating from the 16th to 18th centuries are crowded into an area of 2,000 acres, dissected by 160 canals (grachten), themselves home to numerous houseboats. Many picturesque bridges link the city's 90 islands, eight of them old wooden bascule bridges, including the Magere Brug (Mager Bridge), one of the city's most frequently photographed.
