5th International Conference on

Dementia

October 22-23, 2024 | Paris, France

Theme: Advancement Research And Its Findings In Dementia

VISIT US

https://www.meetingsint.com/conferences/dementia

Dear Attendees,

Dementia 2024 is welcoming you to the 5th International Conference on Dementia and Dementia Care, which will be held on October 22-23, 2024 in Paris, France with the theme “Advancement research and its findings in Dementia”. Dementia 2024 will gather all the renowned scientists, junior research fellows, professors, students, leading neurologists & psychiatrists, members of different psychiatric associations, and medicine and medical technology companies related to Dementia under a single roof for these two days to showcase the developments and future direction..

Hope you all join and make the year’s most exciting event successful.

We accept abstracts for oral presentations; therefore request you all submit the abstracts at the earliest before the early bird dates.

Sincerely,
Operating Committee
Dementia 2024

Scientific Sessions:

- Dementia Treatment
- Huntington’s Disease
- Alzheimer Disease
- Parkinson Disease
- Semantic Dementia
- Frontotemporal Dementia
- Dementia Nursing

To Dementia the future directions of research

Peer review and high quality publication

Young Research Forum:

Meetings International is announcing the Young Scientist Awards through the **5th International Conference on Dementia and Dementia Care** (**Dementia 2023**) which is scheduled on October 22-23, 2024 in Paris France. This Dementia conference focuses on “Advancement research and its findings in Dementia”.

Dementia 2024 and upcoming conferences will recognize participants who have significantly added value to the scientific community of Psychiatry science and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences. Dementia 2024 focuses mainly on Dementia, Dementia Care Management, Vascular Dementia, Mild Cognitive Impairment (MCI), Dementia with Lewy Bodies (LBD), Huntington’s Disease, Alzheimer’s Disease, and Parkinson’s Disease. The dementia conference operating committee provides a platform for all the budding young researchers, young investigators, post-graduate/Master’s students, Ph.D. students, and trainees to showcase their research and innovation..
