

Food Technology 2018

INTERNATIONAL CONFERENCE ON

FOOD PROCESSING AND TECHNOLOGY

June 25-27, 2018 | Toronto, Canada

Message from the Mayor

It gives me great pleasure to extend greetings and a warm welcome to everyone attending the International Conference on Food Processing and Technology.

This conference will be an opportunity for conference attendees to discuss current issues in the field of Food Technology, Food and Nutrition, Chemical Analysis of Food, Food Preservation and Packaging, Food Law and Economy, and Dairy Science and Technology.

As Canada's largest city and the fourth largest in North America, Toronto is a global centre for business, finance, arts and culture and is dedicated to being a model of sustainable development. I welcome everyone to our city and encourage you to enjoy Toronto and learn about our vibrant neighbourhoods.

On behalf of Toronto City Council, please accept my best wishes for an informative and enjoyable event.

Yours truly,

**John Tory
Mayor of Toronto**

Invitation

Meetings International proudly announces the ***International Conference on Food Processing and Technology*** scheduled during ***June 25-27, 2018 in Toronto, Canada***. The conference emphasizes the theme ***"Innovation at the Intersection of Technology, Behaviour, Design and Food"***.

Meetings International provides an international dais for scientists and food science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of Food Technology has come into spotlight in the recent years. Thus, priorities are given for the plant research to produce more production to support the ever-growing population of the world.

Sincerely,
Operating Committee
Food Technology 2018
Meetings International PTE LTD.

Meetings Int. offers

An unique platform for top level research and innovation

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Toronto

Toronto is the capital of the Canadian province of Ontario. It is located within the Golden Horseshoe in Southern Ontario on the northern shore of Lake Ontario. With 2,731,571 residents in 2016, it is the largest city in Canada and fourth-largest city in North America by population. Toronto is a centre of business, finance, arts, and culture, and is recognized as one of the most multicultural and cosmopolitan cities in the world. From the mid-nineteenth century onward, Toronto has been a growing business metropolitan area. In the 1840s and 1850s, Toronto saw a rapid increase in its urbanization with steamboat port activity and railway building. The city was made the capital of Ontario in 1867, and by 1891, the city's population was over 150,000. In 1976, after 40 months of construction, the CN Tower became open to the public. Today, the CN Tower stands as the world's tallest building at 553.33 meters (1,815 feet and 5 inches). By 1998, Toronto was officially known as a "megacity." At a population of 2.4 million, it is known as the fifth largest city in North America. Canadians are known for our friendly nature, and Toronto's citizens take great pride in our welcoming, clean, safe streets - day or night, all year round.
