

# International Conference on Genetic Engineering

**May 24-25, 2023** **London, UK**

# Conference Highlights

- Recombinant DNA Technology
- Gene Therapy and Cancer Gene Therapy
- Genome Editing
- CRISPR-Ca9 Technology
- Genotyping
- Use in Immunotherapy
- Use in Industrial Biotechnology

- **To identify the future directions of research**
- **Peer review and high quality publication**
- **Quality research**

# Invitation

Genetic Engineering 2023

Meetings International proudly announces the Genetic Engineering 2023 conference scheduled for May 24-25, 2023 in London, UK. The conference emphasizes the theme. of “emerging challenges and developments in the field of genetics”

The Genetic Engineering 2023 gathering gives a mind-blowing opportunity to discuss the latest progressions in the field. This will unite global wide doctors, professors, business specialists, junior research fellows, students, and leading members of different associations under a single roof which will provide a platform to discuss and exchange ideas and to share research experiences with young aspirants in various fields of genetic engineering.

The key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,  
Operating Committee  
Genetic Engineering 2023

## Explore London

**L**ondon, the capital of England and the United Kingdom, is a 21st-century city with history stretching back to Roman times. At its center stand the imposing Houses of Parliament, the iconic ‘Big Ben’ clock tower and Westminster Abbey, site of British monarch coronations

**A**cross the Thames River, the London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city. London's defining characteristic is an absence of overall form. It is physically a polycentric city

# London, UK

Genetic Engineering 2023

## Important Dates

**Early Bird Registration Deadline: January 30, 2023**

**On Spot Registration: March 17, 2023**

**Abstract Submission Deadline: April 10, 2023**
