Invitation

Meetings International gladly reports the **“Worldwide Conference on European Life Science Innovation and Biomed Technology Congress”** booked amid **October 25-26, 2018** in **London, UK**. The meeting underlines the topic **“Investigating the Challenges in European Life Science Innovation and Biomed Technology for the Future”**.

Meetings International gives a global dais to researchers and Life science and Biomed Technology experts to Exchange Ideas, Knowledge and Networking at its 100+ International Conferences. Life Science and Biomed Technology together make famous development in the medical science or therapeutic industry. An information of the ideas of medical devices is helpful in both the plan of new medications and the change of existing medications. Along these lines it impacts the living affectively.

Sincerely,
Operating Committee
Meetings International

LIFE SCIENCE AND BIOMED TECHNOLOGY 2018

Conference Highlights

- Life science
- Biotechnology
- Biomedical Devices
- Biosensor innovations
- Surgical Robots
- AR&VR in Medical Devices
- Bio signal Processing
- Brain-PC interface
- Point of care gadgets and innovation
- Big Data for human services
- Bioinformatics
- IOT for human services
- Synthetic Biology
- Design Review
- Designing for Voice Technology
- Disruptive Innovation
- Medical Grade Wearables
- Patient Compliance
- Why New Products Fail
- Human-Centred Design

Meetings Int. offers

An unique platform for top level research and innovation

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Number of Attendees

200 +

- Societies, Universities & Hospitals
- Companies & Medical Farms

Number of Speakers and Presentations

32 +

Number of Sponsors and Exhibitors

10 +

Attendee Profile

- Director & Professors
- Senior Scientist
- Commercial/Business Dev

Explore London

London is the political, financial and social capital of Britain, and its reality class vacation spots are prestigious over the globe. The Greater London region is overflowing with attractions for guests of any age. The waterway Thames goes through the core of London, from Richmond in the west, through the focal London ward of Westminster, to Greenwich in the east. London waterway travels and stream transports are an extraordinary method to see the city.

London is the focal point of the world – and a world in one city, with an abundance of various societies and groups over the capital. It has in excess of 300 dialects and cooking from more than 70 nations. London's history extends back more than a large number of years, and the city gloats four World Heritage Sites: the Palace of Westminster and Westminster Abbey, the Tower of London, Maritime Greenwich and the Royal Botanic Gardens, Kew.
