Materials Congress 2018

WORLD CONGRESS ON

MATERIALS RESEARCH AND TECHNOLOGY

October 22-23, 2018 | Tokyo, Japan

https://www.meetingsint.com/conferences/materialsresearch

Invitation

Meetings International proudly announces the ***World Congress on Materials Research and Technology.*** scheduled during ***October 22-23, 2018*** in ***Tokyo, Japan***. The conference emphasizes the theme "***Recent trends in materials science and technology***".

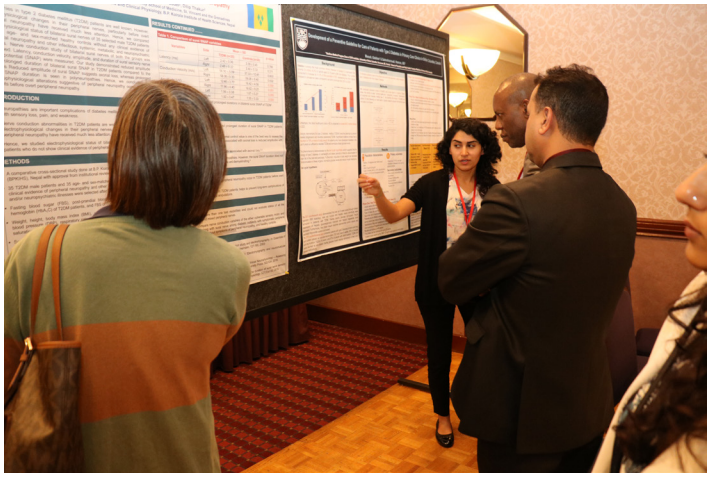

Meetings International provides an international dais for scientists, physicists and mathematicians to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The study of matter, energy and their interactions play key role in the future progress of humankind. Thus, Materials Science and Technology is an exciting intellectual adventure that inspires young people and expands the frontiers of our knowledge about nature and its phenomenon.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

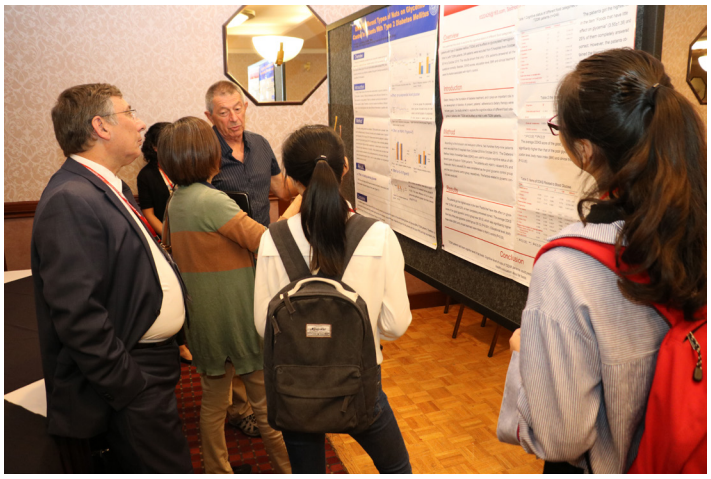

Materials Congress 2018

Conference Highlights

- Material Science and Engineering
- Molecules And Materials
- Nanomaterials and Nanotechnology
- Biomaterials and Healthcare
- Catalytic Materials
- Electrical, Optical, and Magnetic Materials
- Biomaterials and Healthcare
- Ceramics and Magnetic Materials
- Mining, Metallurgy and Materials Science
- Material Science in Construction Engineering
- Polymer Science and Technology
- Nuclear Materials & Emerging Smart Materials
- Mechanics, Characterization Techniques and Equipment's
- Computational Materials Science
- Smart Materials and Technologies
- Optical and Electronic Materials
- Materials for Energy Conversion and Storage Devices
- Smart Biomaterials
- Mechanics and Behavior of Smart Materials
- Materials in Environmental Bioremediation
- Materials for Energy Storage and Applications
- Materials Chemistry
- Materials and Devices
- Energy Materials
- Mining and Metallurgy
- Surface Science and Engineering
- Materials for Green Technology

Meetings Int. offers

An unique platform for top level research and innovation

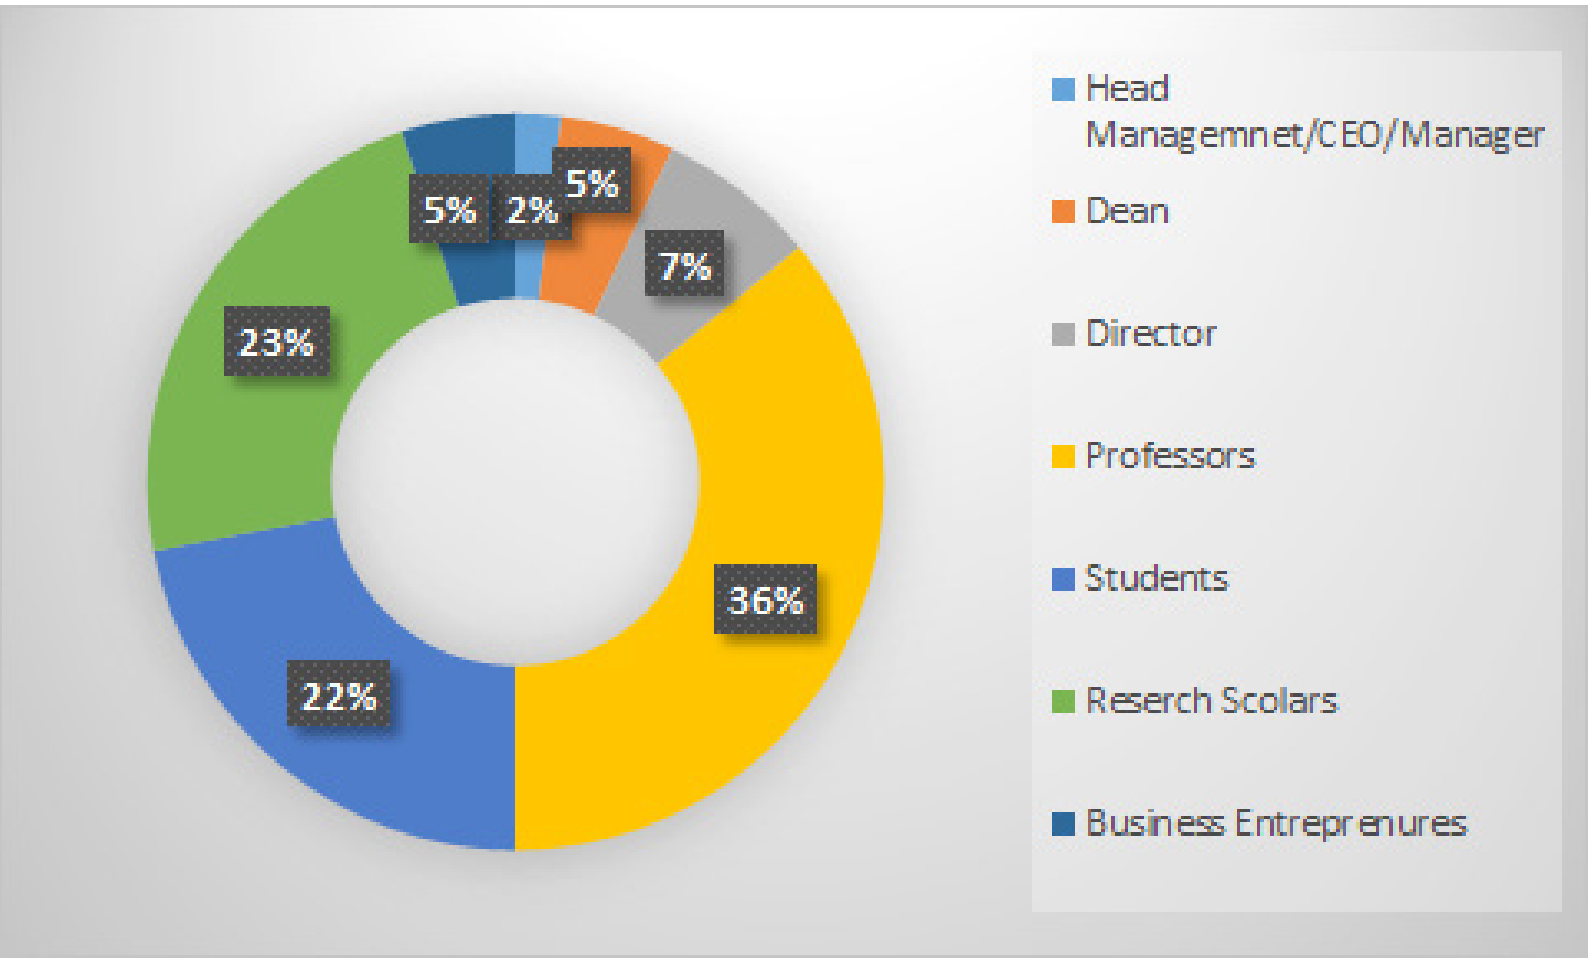

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Explore Tokyo

Tokyo, the capital of Japan, is the home to all the top companies, financial market, broadcasting industries, research and development which is separate unit in each manufacturing and technological companies to accelerate the growth and innovation to make the life easier and sustainable. The city is the most livable city on the planet with its rich cuisine like Sushi, ramen, Unagi, tempura, kaiseki, soba, okonomiyaki, tonkatsu and Yakitori. In addition, the city lures you with its rich cultural heritage along with arts and crafts like Shodo, Manga, Origami, Bonseki etc. Please feel free to visit and experience diverse culture, tradition, arts and crafts of this alluring city.

Tokyo Attractions

Imperial Palace

Hydro Aluminium

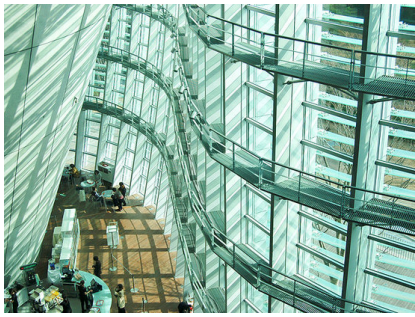

Kabukiza theatre

Meiji-Shrine

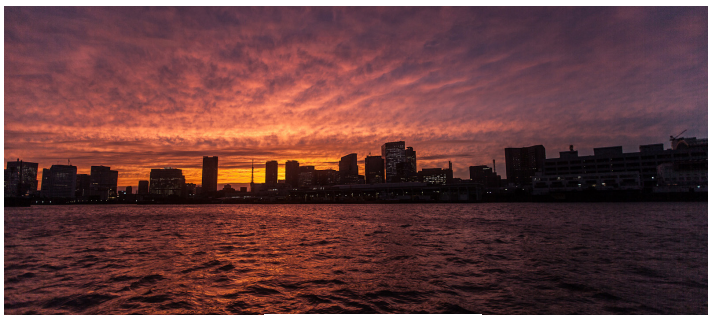

Miraikan museum

National Art Centre

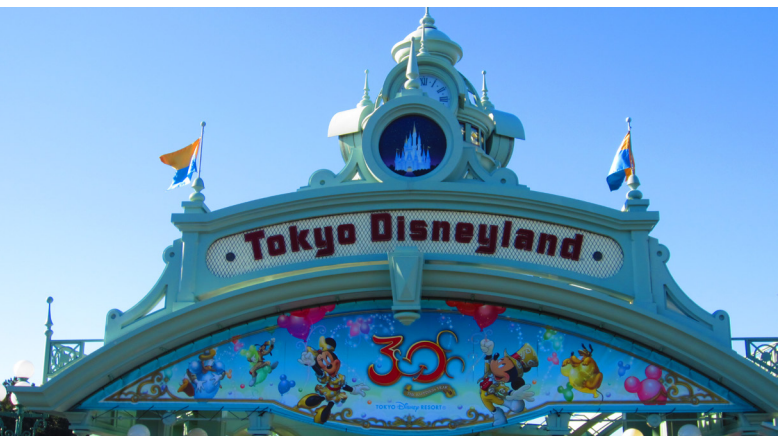

Rainbow Bridge

Tokyo Skyline at Sunset

Uenopark Zoo

Venue:

Tokyo, Japan

Important Dates

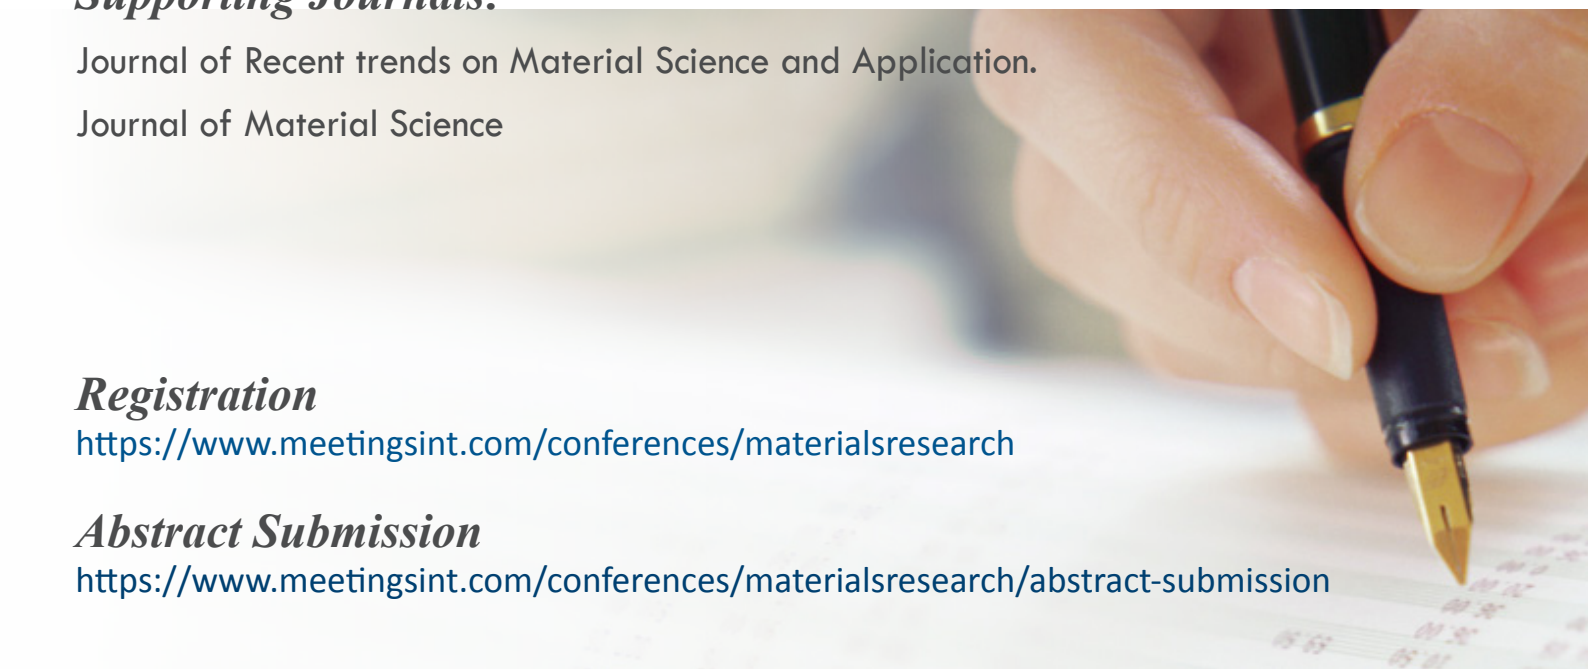

Abstract Submission Deadline: **October 10, 2018**

Early Bird Registration: **October 05, 2018**

Supporting Journals:

Journal of Recent trends on Material Science and Application.

Journal of Material Science

Registration

https://www.meetingsint.com/conferences/materialsresearch

Abstract Submission

https://www.meetingsint.com/conferences/materialsresearch/abstract-submission

Note

All the relevant abstracts will be accepted and published in respective conference proceedings.

Mail us to know more!
