

International Conference on

Mobile Computing and Wireless Communication

November 18-19, 2021 | Paris, France

Invitation

Dear Attendees

Meetings International proudly announces the **International Conference on Mobile Computing and Wireless Communication** scheduled during **November 18-19, 2021 in Paris, France**

The conference emphasizes the theme **"Future of Mobile is the Future of Everything"**.

The Mobile Computing gathering gives a mindblowing opportunity to discuss the latest progressions inside the field. This conference brings together the innovations in Mobile Computing researches and brings the key opinion leaders and thought leaders in the field from around the world for two intensive days of scientific presentations, networking as well as engagement with companies developing innovations in tools and technologies in this space. The purpose of Mobile Computing 2021 is to provide an international technical forum to showcase recent advances in Mobile Computing, Industry, and health care & medicine. Mobile Computing Research, Life Science conference operation committee is providing a platform for all the budding young researchers, young investigators to showcase their research and innovation.

Sincerely,

Operating Committee

Mobile Computing 2021

Conference Highlights

- Mobile web, video, virtual reality, and other applications
- Mobile Data Analytics and Modeling
- Mobile data science & analysis
- Next-generation 5G mobile networks
- Resource Management for Mobile Systems
- Wireless localization and tracking
- Support for Social Networks and Mobile Web
- Applications of machine learning to mobile/wireless research
- Low-latency networking
- Machine-to-machine communications

- To identify the future directions of research
- Peer review and high quality publication
- Quality research

Paris Attractions

Explore Paris

Paris, France's capital is a major European city and a global centre for art, fashion, gastronomy and culture. Its 19th-century cityscape is crisscrossed by wide boulevards and the River Seine. Paris is in the Paris department of the Paris-Isle-of-France region. The French historic, political and economic capital, with a population of only 2.5 million is located in the northern part of France. . The remains of the fortress are visible in the basement of the museum. Find the best way to visit the "City of Light" enjoying a cruise on the Seine, especially at night.

When the sun sets, the monuments are lit slowly. You get a panoramic view to the forefront so you can enjoy the beauty of Paris: Eiffel Tower, Notre Dame, Pont Alexandre III and many more. Montmartre is a hill located in the north of Paris, 130 meters high, having its name to the surrounding neighborhood. It is best known for the white-domed Basilica of the Sacred Heart, at the top. The Chateau de Versailles is the most famous castle in France. Built in the 17th century as a symbol of military power of France and as a demonstration of French supremacy in Europe, Versailles was the seat of political power in the Kingdom of France from 1682 to 1789.
