ABOUT BERLIN

Berlin is the capital city of Germany and is the largest city in Germany with a population of approximately 3.7 million. Berlin is a major center for culture, politics, media, and science. Berlin's economy is mainly based on the service sector due to being one of the most popular tourist destinations in Europe.

Berlin's most famous historic landmark is the Brandenburg Gate once a symbol of a divided nation and now a symbol of unity and peace. Between the River Spree and the Kupfergraben in a 400-meter-long canal the Spree Island is located, Spree Island is better known as Museum Island, a UNESCO World Heritage Site. Here, you will find many of the city's oldest and most important museums, including the Old Museum.
