ABOUT PARIS

Paris is the capital and most crowded city of France, The city is a commune and department, the capital-heart of the 12,012-square-kilometre French historic, political and financial capital, with inhabitants of only 2.5 million is located in the northern part of France. A standout amongst the most excellent and adorable city on the planet. Paris has been one of the Europe's major centers of finance, science. The Paris Region had a GDP of €681 billion (US$850 billion) in 2016, accounting for 31 per cent of the GDP of France. The city is a major rail, highway and air transport hub served by two international conferences. Paris is known for its museums and architectural landmarks
