

WORLD PEPTIDE CONGRESS

October 24-25, 2019 | Osaka, Japan

Peptide 2019

INVITATION

Meetings International proudly announces the **World Peptide Congress** scheduled during **October 24-25, 2019 in Osaka, Japan**. The conference emphasizes the theme “**Accelerating Current Innovations in Peptide Research**”.

Meetings International provides an international dais for scientists and Biochemistry professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of Peptide has come into spotlight in the recent years. The main objective of Peptide chemistry has made many important contributions to the field of medicine. peptide synthesis and chemical ligation, through to medicinal applications like vaccines and tissue engineering.

Sincerely,
Operating Committee
CEO and Founder
Meetings International PTE LTD.

Important Dates

Early Bird: **May 31, 2019**

Registration Open: **April 10, 2019**

Abstract Submission Open: **April 10, 2019**

On Spot Registration: **October 24, 2019**

Osaka, Japan

Peptide 2019

CONFERENCE HIGHLIGHTS

- Peptide Structure and Function
- Synthetic and non-Natural Peptide Backbones
- Peptide based formulations
- Peptide synthesis and delivery
- Peptide-membrane interaction
- Peptidomimetics
- Antimicrobial peptides
- Peptides in diseases
- Peptide biophysics and analytical methods
- Post translational modifications
- Peptides : today & future
- Current innovations in peptide science

Meetings Int. offers

An unique platform for top level research and innovation

Osaka, Japan

Peptide 2019

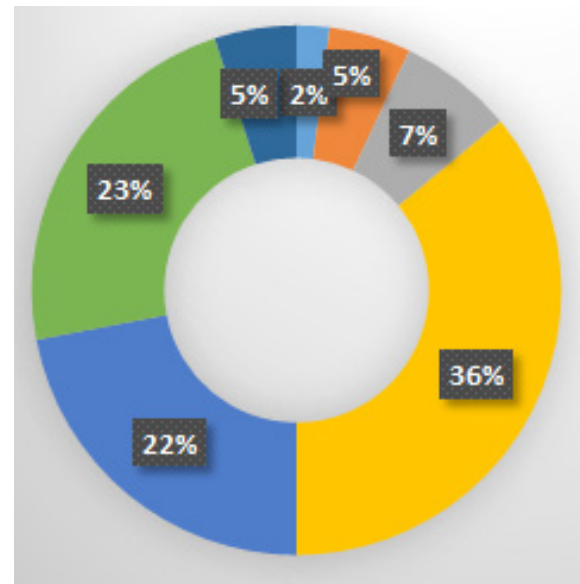

WE VALUE

Quality research

To identify the future directions of research

Peer review and high quality publication

- Head Management/CEO/Manager
- Dean
- Director
- Professor
- Students
- Research Scholars
- Business Enterprenures

Osaka, Japan

Peptide 2019

ABOUT OSAKA

Osaka could be a selected town within the Kansai region of Japan. It is the capital town of urban center Prefecture and also the largest element of the Keihanshin Metropolitan space, the second largest metropolitan space in Japan. The city's side is receptive bay, and is otherwise utterly encircled by quite 10 satellite cities, all of them in urban center Prefecture, with one exception: the city of Amagasaki, belongs to Hyogo Prefecture, within the northwest. Osaka is found within the wet subtropic climate zone, with four distinct seasons. Its winters square measure typically gentle, with Gregorian calendar month being the coldest month having a mean high of nine.3 °C (49 °F). The city rarely sees snowfall during the winter Spring in urban center starts off gentle, however finally ends up being hot and wet.
