

International Conference on

Petroleum Engineering and Geosciences

December 12-13, 2022 | Dubai, UAE

Invitation

Dear Attendees,

Meetings International takes immense pleasure in inviting you to the “International Conference on Petroleum Engineering And Geosciences” which is slated during December 12-13, 2022 at Dubai, UAE which runs with the theme “Demonstrating advancements in oil, gas and petroleum industry”

2022 Conference brings together attendees and provides them with the opportunity to gain insights relating to the various aspects of the oil, gas, and Petroleum sector. It is providing a unique opportunity to see what's new and build business connections with industry leaders. If you face challenges in getting your findings into paper, you will benefit from this event. The Conference will continue to address the opportunities and challenges in the energy industry, with a significant and renewed focus in 2022 on industry supply, local capability, the energy transition, hydrogen, subsea, and innovation..

Sincerely,

Operating Committee

PETROLEUM ENGINEERING - 2022

Conference Highlights

- Advanced Drilling Technologies and Safety
- Advances in Oil Recovery and Refining Operations
- Digital Transformation
- Pipelines and Transportation
- Upstream, Downstream and Midstream Integration
- Geology and Exploration
- Fuels and Refining
- Advanced Oil and Gas Technologies
- Computational Modelling Techniques
- Global Crisis and Major Challenges in Oil

Dubai, Attractions

Explore Dubai.

The Dubai is a city and emirate in the united Arab Emirates known for Luxury Shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine-animal parks. Have you ever been to a floral wonderland where there are stunning floral displays that make you fall in love with them? The Miracle Gardens in Dubai would be a great place to visit in your winter break if not. The arrangement is nothing less than a miniature world of floral wonders spread over an area covering about 72,000 sq. ft. Dubai, one of the seven united Arab emirates of the eponymous small country on the Arabian Peninsula, really leaves an impression with all its splendor and unique buildings. Travelling to Dubai is travelling to the city of contrasts where the vibrancy of a modern metropolis and the traditional desert life are intertwined. Dubai, however, is still a city with a history, despite all its modern attractions. You can make sure about that at the Dubai Museum, which is located in the 18th-century Al-Fahidi fortress. The walls were built using traditional coral boulders.

VENUE
DUBAI, U A E .

Important Dates

Early Bird Registration Deadline: **July 20, 2022**

Abstract Submission Deadline: **October 20, 2022**
