Young Research Forum:

Meetings International is announcing the Young Scientist Awards through the **4th World Congress on Psychiatrists and Psychologists** scheduled in **Paris, France**, on **June 27–28, 2024**. This Psychiatry 2024 focuses on the theme of The Social Dimension of Psychiatry from Stigma to Support. The psychiatry meeting and upcoming conferences will recognise participants who have significantly added value to the scientific community of medical science and provide them with outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences. The conference operating committee is providing a platform for all budding young researchers, young investigators, post-graduate/Master's students, Ph.D. students, and trainees to showcase their research and innovation.

Eligibility: Young scientists, faculty members, post-doctoral fellows, Ph.D. scholars, and final-year MSc and M.Phil. Candidates and persons from the scientific industry can also participate.

Benefits:

The Young Scientist Feature is a platform to promote young researchers in their respective areas by giving them a chance to present their achievements and future perspectives.
