Past Event Report

Meetings International Conference successfully hosted its fifth series on the “International Conference on Stem Cell Millennium Charles de Gaulle Hotel in Paris, France during June 27-28, 2024. The conference was organised with a theme focused on “Exploring the New trends and Horizons of Stem Cell Research,” and it was a great success.

Eminent keynote speakers from various universities addressed the gathering.

The generous response and active participation of the organising committee members played a major role in the success of the conference. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

About Venue:

Tokyo, Japan's busy capital, mixes the ultramodern and the traditional, from neon-lit skyscrapers to historic temples. Tokyo is the largest metropolitan area in the world, hosting over 36 million people spread over three prefectures Tokyo is famous for Anime, electronics, manga, and video games. Akihabara is the epicentre if it all. It becomes a jungle of electric lights and colours at night, providing a sensory overload for visitors. Getting lost, window shopping, and photography are top activities here. Japan has an image of being one of the most expensive countries in the world, Tokyo was formerly known as "Edo". The name was changed to Tokyo in 1890 in light of the Meiji Restoration.
