Invitation

Dear Attendees,

Meetings International proudly announces the ***3rd International Conference on Stem cell*** scheduled during ***September 19-20, 2022 Dubai, UAE***

The conference emphasizes the

theme "Exploring new trends and Horizons of the Stem Cells".

International Conference on Genetic Engineeringwill provide you a massive idea about the causes, symptoms of both common as well as rare cancers and the important point is about the remedy for those cancers. The Meeting will yield a look at new techniques that are widely used in diagnostic purposes and also in the treatment of several diseases. By the combination of these two firms, a well suitable remedy can be found for curing cancer patients.

Sincerely,

Operating Committee

Explore Dubai

Dubai is the most populous city in the United Arab Emirates (UAE) and the capital of the Emirate of Dubai. Established in the 18th century as a small fishing village, the city grew rapidly in the early 21st century into a cosmopolitan metropolis with a focus on tourism and hospitality. Dubai is one of the world's most popular tourist destinations. This can be accredited to Dubai's mix of cosmopolitan lifestyle and local culture, as well as the city's having the second most five-star hotels in the world and the tallest building in the world, the Burj Khalifa. Because of upcoming competition and other reasons, the taller Creek Tower is being built to keep that title
